Marriages 118-120
Water Department Report 84

Organization of the City Government

For the Year 1952

Inaugural Address

Mayor Harold W. Retter delivered the following address on Jan. 7, 1952:

Reverend Wolverton, Dad Kelley, friends, and neighbors:

May I be honest with you, just this once anyway, and admit that I would much rather be at home puttering with some of the various projects I usually have underway, than to be up here before you facing the duties and responsibilities of the coming year. If you ask me, then why did I run for office, I cannot give you a very sensible answer.

The best reason I can think of at the moment is that I was interested in and believed in the endeavors that Mayor Frank Welch was attempting to carry forth. Then I permitted persons, whom I suppose are my friends, to persuade me into believing, inasmuch as I felt that way about it, I stood the best chance of being elected. However, I can not easily forget that if only a dozen or so of my supporters had changed their minds, then this job would have been taken on by another man who might have done better at it than I shall do.

Which brings me to a subject I have often mentioned in conversation with people about town. Why not non-partisan elections in our city government? How much do the policies and platforms of our two great national political parties reflect the problems we face each year in our own city affairs? What was wrong with the system we used a few weeks ago in choosing a new member of our School Board?

The most valid argument I have heard against such a plan is that candidates should be chosen in caucus by responsible organized groups who have the welfare of the city at heart, rather than that the ballot should be cluttered with names of persons who have personal axes to grind. Nevertheless, I submit that there are many potential good public servants who refuse to run for office because they detest the thought of having a political tag hitched to their names.

And as for the danger of too many irresponsible candidates, let me tell you that it takes considerable courage to face the verdict of a ballot box. Few men are going to risk their names in an election unless they have confidence in their own popularity or in the popularity of the things they stand for. But so much for that.

In recent weeks many friends have been offering congratulations on my election as mayor. In nearly every case they have actually spoken more in an attitude of sympathy for one who is about to begin serving a voluntary sentence for a crime he did not commit.

For the past ten or twelve years we have had men in the mayor's office who were in business or professions which per-

mitted them to break free, more or less, on demand. They could pick up their own work later where they had laid it down. Such a situation has made them readily available to many of us who wanted a few minutes now and a few minutes later for some problem which seemed very important in their own minds.

There are many men in this community, entirely capable of serving as your mayor, who are employed in production work which can not possibly be left at odd moments and continued later when convenient. My employment is somewhere between these two limits, and I shall try to make myself as available as fairness to my employer and consideration for my fellow workers will permit.

As I study the City Charter, it is plain to me that the original incorporators intended that the actual daily routine of running the City's business should be in the hands of appointed officials and employees. The mayor and council, as a whole, and through its committees, should determine policies and coordinate the activities of the different departments. Responsible persons have suggested to me that there should be appointed a mayor's deputy or assistant to be available at City Hall on at least a part time basis, who might act as Mayor's representative when that personage could not be present. However, I am first going to give it a whirl on my own.

What interests most of us right now is how we are going to run our business to show a profit. This business of Franklin is a pretty good sized business as businesses go hereabouts. It is valued at some eight or nine million dollars. It takes in and spends about a half million dollars a year. It employs about one hundred seventy-ve people on a full or part time basis. And there are sixty-five hundred persons intimately interested in its welfare. Now the big "hitch" in this business story is that all the profits from operations must be distributed as dividends, and these dividends can only be paid by service rendered to the owners.

The problem of financing municipal government in our modern world is becoming increasingly serious. Not only are the costs of services increasing but our living standards are constantly demanding more and extended services. Moreover, the cities' share of the American tax dollar is decreasing. In 1932 58% of all taxes paid in the United States went to local units of government such as cities and towns. In 1945 the ratio was 10% to local government and 90% to State and Federal. I hestitate to inquire how the ratio stands today.

Today's taxpayer finds himself in the peculiar position of crying for more and better services from his government and at the same time demanding that his taxes be not increased. To maintain the same level of service in the future without spending more money is not possible. We might just as well be realistic and face that fact. Our job is to keep the rise as gradual as possible and use every legitimate means to increase our revenue to meet it.

The real economic wealth of a community is not made up of its fine homes and splendid public buildings. Rather it consists of the various business enterprises which flourish in its

midst. For instance, let us name some home here in town which is burdened with an assessed valuation of $5000. At our present tax rate it would contribute nearly $250 into the city treasury. If that home is sending two children to the public schools then it is not even paying the expenses of their education, to say nothing of the costs of other city services. Speaking bluntly then, a new resident who settles here and builds a new home, actually becomes, financially, a public liability. The main burden then, must be picked up by business and industry through their retail estate and stock in trade taxes. It therefore becomes increasingly clear that future growth in our prosperity must come from a careful nurturing of existing local enterprises, and a continuing attitude of encouragement and promotion of scund new business ventures within the city.

Efforts toward this end have been one of Mayor Welch's strongest interests. It is my hope that the incoming administration will see fit to confer upon him some official status in order that he may properly carry on certain negotiations as a representative of the City of Franklin.

We must be careful that these increasingly difficult efforts at trying to make both ends meet do not crowd from our minds the more important problems of human relationships and community welfare. As individuals and as members of society in general, our well-being will always be tied most closely to the neighborhood in which we live. There may come a time when our local government will be called upon to carry a more awful burden than we have yet imagined.

One needs not be a trained economist to understand that the big concentrations of government must sometime crumble of their own top-heaviness if they continue to slip away from the basic rules of common sense by which individuals and small communities must conduct their affairs. It is as simple as that. If and when that time does come, our cities and towns must be in such healthy moral, spiritual, and financial condition that they may once again carry the load of the American Way of Life, Liberty, and the Pursuit of Happiness.

Exaugural Address

Harold W. Retter delivered the following address on his retirement as Mayor on Jan. 5, 1953:

Reverend Rowe, members of the Councils of 1952 and 1953, Ladies and Gentlemen:

When I was a youngster I regularly attended church services held in the District school house each Sunday. Just as regularly, a certain old Deacon of the congregation was called upon for prayer. We young ones soon memorized his opening phrase, which was always "O Lord, now that another week has passed and gone and rolled on into Eternity." So it is with us at the close of another year which has been chock full of success, and disappointments, fun, and trouble.

Americans as a race of people, have never been good history students. We are, by nature, more interested in the history which will be made next year than in what was done with the fifty two weeks just past. After all, the greatest purpose in recording past events is the value of the record in attempting to chart a course for the future.

There is no point in making any boasts about what may have been accomplished during 1952. Neither is there any need to make apologies for mistakes committed or things left undone. The news coverage has been quite complete, and I am sure most of you have followed it with a certain amount of interest, maybe, at times, a little amusement, and perhaps even some sympathy for the people who have tried to keep Franklin's affairs in order.

We have bonded the City for fifty-one and a half thousand dollars—$21,500 for equipment to be paid off in five years, $30,000 for a new Highway Garage to be paid off in ten years. Good business men often borrow money to invest in the improvement of their own enterprises. We believe we have followed good business procedure in supplying these needed things.

Considerable sewer and water extensions and several special projects have been accomplished during the year and paid for out of current revenue. However, if there is anything that I would criticize in our doings, it is the emphasis which was placed on new construction at the expense of proper maintenance. Many of our facilities are showing the need of annual care which they must have to prevent speedy depreciation.

We were so fortunate a year ago in our industrial assessments that, in spite of the increasing cost of doing business, we were able to reduce the tax rate just a bit. May I point out again how unequally distributed among us, is the cost of running the City. I am only guessing, but I do not believe there are more than two thousand families in Franklin. Inasmuch as we have to raise well up towards a half million dollars each year in order to do business, then each family must benefit from these expenditures to the extent of considerably more

than $200.00. Most of us do not chip in that much. Which means that we are enjoying these services which are afforded to us, largely through the enforced generosity of our business and industrial establishments. That is one selfish reason why it is so essential that every encouragement be given to both existing and potential commercial plants.

One of the "headaches" of the Council and its committees is in trying to keep up to date during the year on the financial status of the various departments with relation to their budgets. The incoming administration is making a sincere effort to start operating under a budget as early in 1953 as possible. I have long believed that the installation of some sort of machine bookkeeping and accounting system in the City Clerk's Office might lighten the load of that Officer's tedious work, and at the same time, provide more readily such information as is needed during the course of the years spending.

No retiring Mayor should forget to express his appreciation for the loyalty and cooperation of his fellow officers and employees. I can perform that duty with the greatest of sincerity. The members of our city council, year after year, put in long hours of service and suffer the pot shots of public criticism for no other recompense than the satisfaction of having served their community to the best of their ability. As for the city employees who are on the payroll, it is my earnest belief that few employers get a better or more loyal, days work from their help than does the City of Franklin.

A year ago the administration entered the fiscal year with a general fund surplus of about $14,000.00, and about $4000.00 in funds set aside for special purposes, making a total of $18,000.00. At the close of the year we are leaving a general fund surplus of $18,000.00, and $9000.00 in funds earmarked for special projects, making a total $27,000.00. This represents an improvement of $900.000 in the current financial picture. In addition, the unpaid tax anticipation loan which has been hanging over our heads for years, has been reduced from $60,000 to $55,000. And, of course, the bond payments have been met on schedule.

Now, Mr. Gilman, I am happy to relinquish to you this rocking chair at the head of the table. We are fortunate in having acquired your services, and I believe you can count on the same splendid cooperation from your fellow citizens as I have had.

City Government

CITY OFFICERS

Mayor

Elected annually on the fourth Tuesday of November. Salary $200.00 a year.

Harold W. Retter

Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

		Term expires
Ward 1—	Roy Powell	January 4, 1953
	Arthur Dalphond	January 7, 1954
	Donald Kimball	January 7, 1955
Ward 2—	Wiggin S. Gilman	January 4, 1953
	Emil Bonk	January 7, 1954
	Louis J. Bergeron	January 7, 1955
Ward 3—	Arnold Bates	January 4, 1953
	Edward Kelton	January 7, 1954
	Alonzo R. Gile	January 7, 1955

City Clerk, Tax Collector, Clerk of Board of Assessors and Custodian of Memorial Hall

Elected annually by the City Council. Salary $3787 a year.

Mildred S. Gilman

Overseer of the Poor

Elected annually by the City Council. Salary $50.00 a week.

Albert M. Ayotte

City Treasurer

Elected annually by the City Council. Salary $242.00 per year.

Hazle K. Michaud

City Solicitor

Elected annually by the City Council. Salary $720.00 per year to June 1st, $900.00 a year for balance of year.

Eugene S. Daniell, Jr.

Assessors

Elected annually by City Council. Salary, Chairman, $605.00 a year. $577.00 per year, other two. $50.00 per year expense allowance for each.

Ward One	Ward Two	Ward Three
Victor Sokul	Henry Chamberlain	Thomas Lane, Jr.

Commissioner of Public Works

Elected annually by City Council. Salary $4,500.00 a year.

A. M. Walter Zak

Board of Water Commissioners

Two members elected annually by the City Council for three years. No salary.

	Term expires
Alexander Hebert, A. M. Walter Zak	January 4, 1953
*Wallace E. Cutler, William S. Thompson	January 3, 1954
Oliver Lagace, William Mayor	January 7, 1955

*Howard Kelley appointed July 7th to fill the unexpired term of Wallace E. Cutler.

Superintendent of Water Works

J. Lester Merrill

Welfare Commission

	Term expires
Albert Perreault	February 6, 1953
Frederick Kulacz	February 4, 1954
Israel Barg	February 6, 1955

Board of Health

Elected annually by the City Council. Secretary and Chairman of the Board of Health and Milk Inspector $200.00 per year. No salary for second and third members.

Maxwell Roby, Chairman and milk inspector
Frank J. Kropp, M. D. Virginia McCann

Park Commission

One member elected annually by the City Council for three years.

	Term expires
A. M. Walter Zak	March, 1953
Clement Lemire	March, 1954
Arthur Pinard	March, 1955

Trustees of Public Library

Two elected annually by the City Council for three years. No salary.

	Term expires
Alger Bourn, Thomas Murray	January 4, 1953
Alice M. Shepard, Luella Dempsey	January 3, 1954
Wesley A. Paige, Ella Mae Shaw	January 7, 1955

Surveyors of Wood and Lumber and Fence Viewers

Appointed annually by the Council.

Ernest Smith, Ernest Elliott, Earl Picard, Martin Crowley, Milo Unwin, Edward Colby, Colin Jones, Henry Prince and Israel Barg

Janitor of Memorial Hall and Heating Plant

Elected annually by City Council. Salary $47.60 per week.

Ralph Colcord

Trustees of Trust Funds

One elected annually by the City Council for a three year term.

	Term expires
Marshall Guy Gilman	September 13, 1953
Howard Kidder	September 13, 1954
Mark Wheeler	September 13, 1955

Board of Education

One member elected annually for a three year term, at special meetings held for that purpose. No salary.

	Term expires
Robert Morin	January, 1954
John Starie	January, 1955
James Whittemore	January, 1956

WARD OFFICERS

Elected biennially by the ward.

Ward One

Moderator—George G. Fowler
Ward Clerk—Delia Smith
Supervisors of Check list—J. Langdon Prescott, Eugene Beaupre, Jr., and Charles Slack

Ward Two

Moderator—Henry Prince
Ward Clerk—Waldo Young
Supervisors of Check list—Annie Desrochers, Lucien Dussault, and Rita Menard

Ward Three

Moderator—John Dempsey
Ward Clerk—Joseph Thibeault
Supervisors of Check list—Joseph Mercier, Luella Dempsey, and Robert Bailey

Ballot Inspectors

Ward One—Mildred Smith, Basil Broadhurst, Ruth Mulleavey, Frank Lowell.
Ward Two—Perrin Hersey, Lydia Rocheleau, Margaret Young, Evelyn Bean.
Ward Three—Angeline Hebert, Helen Clark, Arthur Leonard, Mary Claxton.

Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE
FOR THE YEAR 1952

January 7, 1953

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire

Gentlemen:

Complying with your request and the City Ordinances, I have made an examination of the books and underlying records of the City of Franklin for the year ended December 15, 1952. In this connection, I submit herewith my report consisting of Exhibits and Schedules together with my comments.

Scope of Audit

I examined and tested such records and supporting evidence by the methods and to the extent I deemed appropriate. A substantial number of outstanding Taxes Receivable and Water Accounts Receivable were verified by direct correspondence. Independent verification was obtained on such items as Cash in Bank and Loans Payable.

With the exception of Taxes, Accounts Receivable and some accruals, the books of the City are kept on a cash basis.

BALANCE SHEET—GENERAL FUND

EXHIBIT A

The Balance Sheet—General Fund discloses the financial condition of the City of Franklin as at December 15, 1952.

Cash on Hand and in Banks—$40,035.72

The Cash in the Bank was reconciled to the bank statement and the independent verification received from the depositories, while the Cash on Hand was verified by count as at the close of business December 15, 1952. The receipts were traced to the bank deposits and all checks cancelled during the year were examined.

The cash in the General Fund and Bond Fund is included in one account at the Franklin National Bank. However, for report purposes, I have segregated the two items. The cash pertaining to the Bond Fund is shown on Exhibit B.

Accounts Receivable—$2,730.68

A listing of the unpaid Accounts Receivable Balances was in agreement with the controlling account. The accounts are aged as follows:

Year	Amount
1952	$1,561.98
1951	411.47
1950	407.23
Prior	350.00
	$2,730.68

Although letters of verification were mailed to the individual accounts, very few were returned. It is my recommendation that the Council review the outstanding Accounts Receivables and abate those which are considered uncollectible. The Accounts Receivables also include some charges to the School, Library and Water Works made a few years ago, and based on the proration of insurance to these departments. It is my suggestion that these items also be charged off the books.

Taxes Receivable—$35,850.98

The uncollected taxes as at December 15, 1952 were $37,111.22 against which there is a reserve for the uncollectible taxes in the amount of $1,460.24. There were no changes in the Reserve for Uncollectible Taxes since all abatements were charged to the Overlay. A detail of the activity and the levies of the various years is shown on Exhibit A—Schedule 1 which also discloses the difference between the control and the detail accounts. Since the variances for the years 1944 to 1950 are substantially the same as those at the end of the previous fiscal year, I suggest that the Council approve adjusting those items so that the detail and the control will be in agreement.

Several hundred verification letters were mailed to the unpaid tax accounts. All differences reported to me were investigated and satisfactorily explained. Approximately 91% of the 1952 tax levy was collected.

The 1952 Tax Warrant was completely footed and reconciled to the ward books. The valuation was also proved. A spot check was made of the daily receipt stubs on taxes collected and further traced to the tax ledger.

The 1952 tax rate of $4.85 per hundred, as approved by the State of New Hampshire Tax Commission, was confirmed by direct correspondence.

Unredeemed Tax Sales—$3,722.40

Property Acquired by Tax Deed—$1,173.48

These items which represent the property acquired for non-payment of taxes were accepted as shown on the books.

Soldiers' Bonus Taxes Receivable—$125.27

Head Taxes Receivable—$5,095.00

The foregoing items represent taxes to be collected and paid to the State of New Hampshire.

Due from the State of New Hampshire—$6,647.88

Due from the County Commissioners—$107.88

The above caption is detailed on the Balance Sheet. Most of the items were independently verified with the proper authorities and some of them were received during the progress of the audit.

Temporary Loans in Anticipation of Taxes—$55,000.00

This amount represents the balance due the First National Bank of Boston on borrowings in anticipation of taxes and was verified by correspondence. This account was reduced $5,000.00 during the year because of the inclusion in the current budget of an item for $5,000.00 for this purpose. I urge that this procedure be continued until the account is completely liquidated.

Reserve for Soldiers' Bonus Taxes—$186.31

Reserve for Head Taxes—$9,016.00

The City's liability to the State of New Hampshire on Soldiers' Bonus and Head Taxes is reflected by these accounts.

Parking Meters—$2,456.32

The above caption represents the balance on parking meter collections, the cash for which is necessarily included in the Cash on Hand.

During the year, the following transfers were made from the parking meter account.

Road Improvement Project	$2,880.00
Highway Department	5,000.00
Police Department	3,000.00
City Clerk	85.00
Miscellaneous (Paint)	113.45
	$11,078.45

It might be advisable to include in the budget at the time it is prepared, an estimated credit from the parking meter account and to keep the transfers during the year to a minimum. The inclusion of all the credits in the budget will better reflect the budgetary activity for the year.

Unexpended Balances Carried to 1953—$9,335.13

This item is shown in detail on Exhibit A and the activity in this account is shown on Exhibit A—Schedule 2C.

At the Council meeting held on December 15, 1952, the Council approved carrying to 1953 some of the departmental balances as shown on Exhibit A. The $1545.00 for the purchase of a jeep and plow was allocated as follows:

$558.34 from the General Fund—Highway Department.

$986.66 from the balance of the Departmental Equipment Bond Issue as shown on Exhibit B.

Surplus—$18,170.26

Exhibit A—Schedules 2, 2A, 2B, and 2C detail the activity operations for the current year and further substantiates the amount transferred to Surplus in the amount of $10,476.76. The 1952 budget appropriated $6,200.00 from the Surplus account for budgetary credits.

BALANCE SHEET—GENERAL INDEBTEDNESS

EXHIBIT B

The Balance Sheet—General Indebtedness discloses the City's liability on bonds and long term notes as at December 15, 1952. The indebtedness is detailed on Exhibit B—Schedule 1. All bonds cancelled and interest coupons paid during the year were produced for my inspection.

The cash in the Franklin National Bank in the amount of $21,886.07 represents the unexpended balance of the Departmental Equipment and Municipal Garage Bond Issue. This cash is kept in the same cash account as the General Fund Cash.

The cash in the Franklin Savings Bank in the amount of $1,048.54 represents the unspent portion of the new High School Bond Issue. The Council has changed the name of the fund to the Webster Lake Development Fund. Since the account has not been very active in the last few years, I would suggest that it be used either for some capital improvement at the school or applied towards the retirement of the bonds.

BALANCE SHEET—TRUST FUNDS

EXHIBIT C

The Balance Sheet—Trust Funds records the assets and the sources of such assets in the custody of the trustees of the Trust Fund.

Cash in Banks—$33,278.47

The Cash in Commercial and Savings Banks was reconciled to the bank statements as well as the independent confirmation received directly from the depositories.

Investments—$88,649.39

Securities were inspected in the presence of the trustees of the Trust Funds. Exhibit C—Schedule 1 lists the various trust funds and shows the activity for the year.

BALANCE SHEET—WATER WORKS

EXHIBIT D

The Balance Sheet—Water Works sets forth the financial condition of the Water Works for the year ended December 15, 1952.

Cash in Franklin National Bank—$713.59

Cash in Franklin Savings Bank—$1,319.73

Petty Cash Fund—$32.69

The Cash on Hand was verified by count and the Cash in Banks was reconciled to the bank statement and to the independent verifications from the banks.

Accounts Receivable—$9,666.05

The outstanding balances as at the close of the period were verified by direct correspondence. A spot check was made of the charges and credits to the detail customers' accounts.

Inventory—$6,381.57

The Inventory was accepted as submitted and no attempt was made to check the physical items nor the prices used.

Fixed Assets—$331,333.00

The Balance Sheet shows the cost, the depreciation reserve and the net book value comprising the Fixed Assets.

Due City of Franklin—$113,000.00

The above amount is due the City of Franklin on Bonds Issued in 1948 known as Water Bonds.

Surplus—$68,176.12

The increase in the Surplus was a result of the gain for the year and the increment in U. S. Treasury Bonds which were cashed during the year. This interest item amounted to $1,387.11.

School District—Statement of Cash Receipts and Disbursements

Public Library—Statement of Cash Receipts and Disbursements

Overseer of the Poor—Statement of Cash Receipts and Disbursements

The books and records of the above were examined and the cancelled checks were compared with the cash disbursements records. The Cash in the Bank, at the close of the year, was reconciled to the bank statement and independently confirmed with the various depositories. Since the City is on a cash basis, any unpaid vendors' invoices at the end of the year are not reflected on these statements.

Payrolls

I examined all payroll checks cancelled during the year and reconciled the bank statement.

City Clerk's Office

The books and records of the City Clerk's Office were spot checked. The daily cash collection register tapes were checked to the cash receipts book and traced to the bank depositories. A spot check was made on automobile permits and dog licenses issued during the year. Other business licenses were also spot checked.

Exhibit A—Schedule 2C sets forth the budgetary appropriation for the year and discloses the activity in each of the departments. The net unexpended balances at the end of the year totalled $8,976.06 which was transferred to Surplus. A number of the departments overexpended their appropriations. Every effort should be made to keep expenditures within the limits set by the budget.

In conclusion, may I summarize the salient points which should be given your careful consideration.

1. Review the outstanding Accounts Receivables and abate the uncollectible accounts.

2. Abate Accounts Receivables due on insurance from other City departments.

3. Include in Budgetary credit an amount from the Parking Meter account and eliminate transfers to appropriation accounts during the year.

4. Use balance of High School Bond Issue (now known as Webster Lake Development Fund) for school capital expenditure or reduction of the bond payment.

5. Eliminate appropriation overexpenditures.

I wish to express my appreciation to all the City Officials and the members of their staffs for the cooperation and courtesies extended me during the audit.

Respectfully submitted,

LEONARD D. RICCIO,

Certified Public Accountant

Leslie N. Boomhower, Carl C. Gilman, Charles D. Cunningham, Leland K. Wescott, Moise H. Mercier, William Beckford and Charles Twombly.

Superintendent of Fire Alarm
Moise H. Mercier

ENGINEER'S REPORT AND RECOMMENDATIONS FOR THE YEAR 1953

The old Lincoln Service Truck was replaced soon after the first of the year with a Ford panel truck. A two-way radio has been purchased for this truck and will be installed as soon as it is received.

We would like to bring to your attention the tires on the ladder truck and those on the Federal, (hose 1). These tires are 13 years old and should be replaced soon.

The Radio and Whistle Tower on Cemetery Hill is in need of repairs to the stairway and walk. These are out to the weather and have rotted badly.

The Fire Alarm Switchboard building is in need of paint.

It is recommended that the Sum of $100.00 be used from

the appropriation to buy Forest Fire Equipment which is depleted.

The matter of flooding skating rinks brings to our attention the fact that we have no appropriation for doing this service.

Should the Highway part of the building be turned over to our Department, because of the fact that the tin roof is in poor shape and that the whole inside needs painting an appropriation for the same should be made.

We wish to bring to your attention the fact that we now have to make inspections of all Power Oil Burners that are installed in the City. To date we have inspected and approved 29 of these and have 17 more ready to be inspected or being installed. A state permit issued by the Board of Fire Control is given if the installation is approved.

The Board of Engineers wishes to thank His Honor the Mayor, the Fire Committee, and Members of the City Council for their assistance in making a successful year.

By The Board of Fire Engineers

YEARLY REPORT OF APPARATUS

Engine 1

Total number of Bell Alarms answered	13
Total number of still alarms answered	5

LIBRARIAN'S REPORT

The accomplishments of the Franklin Public Library during 1952 have had encouraging and discouraging features. The continued absence in the armed services of many of our steady readers and the increased installation of television sets in Franklin have definitely cut into the circulation of books and magazines. One couple, ordinarily heavy readers, borrowed no books for several months after installing TV in their home. Multiply this example a few times and the effect is readily recognized. Facts that are encouraging will be mentioned as the year is covered in this report.

The library collection has been improved by the addition of a wide variety of books, magazines, pamphlets and pictures. The count has been 751 adult items and 284 juvenile additions. Of these 964 were purchases and 71 were gifts. Among the gifts were 16 interesting books added to the Memorial Book Shelf now numbering 102 volumes. Newspapers and magazines available are 139, of which 98 are subscriptions, 41 are gifts. The cataloged collection of the library now stands at 28,105 after a discard of 387 worn or obsolete books. The discards are about twice the number withdrawn last year. The year's circulation of all types of library material totaled 45,033. These were borrowed by the residents of Franklin and the surrounding area from which people come to work, to shop, or to attend school in our city. New registrations number 411, while 436 were withdrawn, leaving an active list of 3,189 borrowers, of which 437 are non-residents.

Franklin's per capita reading score stands at 6.87 volumes, and the average per registered borrower is 14 volumes. The percentage of fiction read has dropped to 50%, with non-fiction at 24%, while juvenile reading has increased to 26%, which would please any librarian, it being the highest juvenile average since

1930. It represents a circulation of 11,604 volumes among the children, the largest juvenile total for ten years. Interlibrary loans go on with the State Library as the interchanging agent. The Franklin library has borrowed 61 volumes and 55 of our books have been borrowed by this system.

Various exhibits, now an interesting feature in modern libraries, have been arranged throughout the year. The chief exhibits have consisted of pictures and maps of Franklin in the 1860s and 1870s; a letter of thanks from Buckingham Palace for Alice M. Shepard's book "Cinderella's Coach," a copy of which had been accepted for the little princesses; a Franklin Pierce exhibit; 500 Florida sea shells; a German exhibit of remembrances sent by people who had received CARE and other packages; Civil War portraits; "Parada," local talent photographs; Prize duck pictures by Mrs. Laura Russell; The Holy Bible, Standard Revised version; Centennial observance of Daniel Webster's death; pictures of early school days in Franklin, shown during Education Week; Book Week, observed especially in the Children's Room; foreign TB seals; and the Lawrence Pohle Collection of early Christmas cards.

In keeping with the general trend in such matters, operating expenses have increased somewhat, $12,914.36 being about two hundred dollars more than the previous year. $8,480.23 for salaries included the raises granted for part of the year by the City Council and the Board of Library Trustees. Books continue to rise in cost. Of the $2,622.41 spent for books $605.39 was from Trust Funds. At the main desk the income from rentals, $432.11, was the smallest since 1938, while the fines of $512.91 were the largest on record since the library opened in 1907. It is the first time that fines have amounted to over five hundred dollars.

The building and grounds have had the usual good care from Ralph C. Colcord and Fred K. Longley. One of the important improvements in the building has been the new ceiling of fiber tile in the stack room where plaster was sifting down with the passing of every heavy truck on Central Street. In both reading rooms and over the main desk neat metal ends have replaced the warped plastic ends on the fluorescent fixtures. The library's reference collection has had replacements and additions. Early in the year the library was able to add the "Columbia-Lippincott Gazetteer of the World." The 1952 edition of "Compton's Pictured Encyclopedia" in 15 volumes gives the young people late material; "Collier's Encyclopedia" in 20 volumes, an entirely new adult reference set, has been purchased; and the Children's Room is enriched by the purchase of the "New Junior Classics" in 10 volumes.

New equipment added has been a much-needed six-drawer card catalog cabinet to relieve the congested main catalog. A

dictionary table has been secured for the latest unabridged dictionary. A second shelf, below the dictionary level, takes good care of the new gazetteer added last spring. A three-shelved metal utility table is sturdy and is an added convenience for use in the basement.

As happens year after year, the Woman's Club and the Hospital Aid Society have used Library Hall regularly. The Visiting Nurse Association held an annual public program meeting in the Hall. The Republican City Committee had the Hall one evening. The TB Seal tag day headquarters were set up in the Draper Room as usual.

In January the City Council re-elected Rev. Wesley A. Paige trustee for three years. Miss Ella M. Shaw was elected trustee for three years to replace Mrs. Charles L. Eddy, deceased.

The Library has been well remembered by its many friends who have made gifts of books, magazines, pictures and maps. Outstanding remembrances have been several Memorial Book Shelf gifts from the Franklin Garden Club; the weathervane from the old Aiken Mill, given by M. T. Stevens & Sons; many fine art books, pamphlets, magazines and local photographs from the E. D. Currier Estate; a color print of the library and the river given by Richard Lewis; early Daniel Webster and Franklin material from Bessie C. Rowell and Alexis C. Proctor; several local photographs and an Indian relic from Frank T. Ripley; and the framed Tasha Tudor sketch for the Children's Room, from the Franklin Woman's Club.

The May meeting of the New Hampshire Library Association in Exeter was attended by the librarian, accompanying the Laconia librarians. The librarian was asked to speak on Librarianship during Career Day held at Franklin High School. A Woman's Club program was provided on the subject "Sampling Books." Further library publicity is provided weekly by "Book Suggestions" appearing regularly in the Journal-Transcript. During Book Week the library distributed a 32 page booklet called "Growing up with Books", listing with notes books for all ages of children. Visitors in the Children's Room during Book Week included 12 school teachers and their classes, numbering 316 pupils.

The only change in the library staff has been the addition of Britta Karlberg as page, to replace Anne Brock, who served well for three years and is now attending Plymouth Teachers College.

The per capita appropriation from the City of Franklin is practically $1.50 which the American Library Association specifies is necessary for "reasonably good service." There were

years when the Library Board worked to reach the $1.00 per capita standard which is now considered capable of providing only "limited or minimum service." The $2.00 per capita "for superior service" is a worthy aim for our 50th Anniversary in 1957. It would mean keeping that goal in mind each of the four intervening years, with $600.00 added annually to the City's appropriation for the library. With that reasonable sum the goal would be reached and a real addition could be made to the service the Franklin Public Library could give to our city. That addition might well be a children's librarian whose chief work would be with the children of Franklin. Many children enjoy books and many more would learn to enjoy books if they could have their own librarian to spend her time with them in the Children's Room and in the schools.

That the goal suggested for the library's 50th Anniversary may come to pass is the wish of the present librarian who appreciates the helpful membership of the Board guiding the affairs of the library, also the interest and effort of our small staff to make the most of what we have available for the use of the men, women and children who make up our community.

Respectfully submitted,

MILDRED J. PEASLEE,
Librarian

IDA RAFFAELLY,
Treasurer

Bessie C. Rowell

. . . loved by all who know her, wise in the ways of children, a teacher of those who teach, has with a firm kindness, a sympathetic understanding and unwavering fairness given fifty years of unselfish and devoted service to the children and parents of Franklin.

Her high reward is the gratitude of three generations of youth who have benefited by her thoughtful guidance.

May her remaining years be her richest.

Board of Education

ANNUAL REPORT OF SUPERINTENDENT OF SCHOOLS

To the Members of the Franklin School Board, Mayor and Council, and Citizens of Franklin:

I herewith submit by third annual report as your Superintendent of Schools. This is the fifty-second in the series of reports prepared by school superintendents.

Since the writing of my report a year ago we have had many changes take place on the local, state, national, and international levels. The schools must keep pace with these changes if we are to develop boys and girls who will be well informed, well adjusted, and ready to assume their responsibilities. Whatever the schools can do to help the young people to discover democracy—not simply the democracy of our 18th or 19th century forefathers but the living, vital, developing democracy of the 20th century—will be of great service to the cause of peace and security and a great contribution to national and industrial progress.

We should think of democracy as something alive—something living, young and vigorous—an idea that is stirring men's minds all over the world. Democracy is the living faith in the importancee and value of the individual. Where a nation, or a corporation, or any other kind of human organization draws on the judgement and the experience of large numbers of its people, it achieves a strength which cannot be achieved in any other way.

In a world where we have given to our educational system what it needs in the way of time, attention, discussion and money—where the system is helping us to produce tolerant, thoughtful people—where democracy is recognized as one of the great, living, working theories of human organization—and where we are encouraging the development of independent and inquiring minds—we will have a climate in which we can work together under the most favorable conditions of understanding and cooperation for the common good.

Your schools in Franklin are working to the end that we live, breathe, and practice democracy in order that our system may survive over that of the totalitarian concept of government.

This report, along with those of the High School Principal,

School Nurse, and Statistical Tables covers the year 1952. It will attempt to cover the School Personnel, Improvements in School Plant, Transportation, Further Needs of the District, and General Information.

Personnel

Franklin has been fortunate indeed during the past year in the number of changes which have been necessary in its teaching staff. The teacher turnover was one of the smallest in the history of recent years. For the first time since the opening of the new high school the staff at that school has remained intact. Since December 16, 1951 we have had two changes made necessary by the retirement of staff members and have added one and one-half positions, because of increased enrollments.

Perhaps the most significant of all the changes in the school system was that of the retirement of our beloved Miss Bessie C. Rowell. Miss Rowell completed, in June of 1952, fifty years of teaching boys and girls, forty-seven of which were in Franklin. During these many years she has given much to the youth of the community and has been a decided influence for their good. Her loss will be deeply felt in the schools but she will continue to serve her community as only Miss Rowell can, unselfishly. The District showed their feeling in a testimonial given her in the spring when many of her friends turned out to pay tribute for the exceptional work she has done for the boys and girls who have come under her guidance. In this annual report I again wish to pay tribute and express appreciation for the many years of service Miss Rowell has given to the youth and to the teachers of Franklin.

Upon the retirement of Miss Rowell, the School Board chose Mr. E. Russell Raymond, Principal of the Nesmith School, to serve as the Elementary Principal of the District with administrative and supervisory jurisdiction in the three schools-Hancock, Nesmith, and the Daniell Junior High School.

To fill the position left by Mr. Raymond at the Nesmith School the Board selected Mr. George Bryenton, a graduate of Plymouth Teachers College and a native of Tilton as teacher of Grade V. Mr. Bryenton is also acting as the building principal at the Nesmith School.

In June Mrs. Harriet Foss Waldron, teacher of mathematics in Daniell Junior High, announced her intention to retire from teaching after twenty-seven years of service in Franklin. Mrs. Waldron gave unstintingly of her time and effort to give the youth under her direction the very best possible training. For this the District is most appreciative. To fill

the vacancy caused by the retirement of Mrs. Waldron the School Board appointed Mr. Horace Schnare of East Andover, N. H., a teacher many years of experience and a graduate of Keene Teachers College.

Mrs. Dorothy Kenney, teacher of the combination grades 1 & 2 at Hancock School was tranferred to the Nesmith School where she is teaching grade 2. Mrs. Mavis Rutherford, teacher of grade 2 at the Nesmith School, was transferred to Hancock School where she is teaching one section of grade 5.

When the schools reopened in September of this year the enrollment in the kindergarten made necessary the formation of another section at the Hancock School. No room was available at Hancock so the children were transported to the Nesmith School where they were taught by Mrs. Barbara Jowders, a former Hancock teacher.

The sixth grade enrollment at the Junior High School had also grown to the point where it was necessary to form another section. We were most fortunate at that time of the year to secure the services of Miss Christine Burtt of Milford, New Hampshire, a graduate of Boston University. She is doing an exceptionally good job and filling a much needed gap in extra curricula activities for the boys and girls.

There have been a number of changes in the janitorial staff during the year. Carl Hunt, for many years janitor at the Nesmith School passed away. To fill this vacancy the Board appointed Mr. Ray Crosby as janitor. At the High School the Board appointed Mr. Eugene Brouillard to fill the position vacated by Mr. Norman St. Cyr. Mr. Wilfred Menard was appointed to fill the position at the Daniell Junior High School succeeding Mr. Charles French.

Improvements In School Plant

In the spring of this year the Board appointed Mr. John Taylor to a year round job in order to get the much needed repair work done in the various buildings. By careful buying of materials, the utilization of our own shop facilities, and planning we were able to do many things in the way of improving our plant. One of the first things done was the modernization of the toilet facilities at the Junior High and the Nesmith Schools. During the summer automatic flush valves were installed in all toilets to replace the pull chain flush boxes which have been in use for many years. During the course of these replacements it was discovered that some pipes had rusted through and needed to be changed. All defective pipes were replaced with copper tubing. Fourteen toilets were modernized in the four toilet rooms. At the Nesmith School all pull chain type flush boxes were removed and the modern flushmeters installed. At the present time all of our toilet facilities have been modernized.

The main water lines leading to the Junior High had to be replaced because of rusting and excessive corrosion which led to an insufficient amount of water pressure.

The improvement of lighting was one of our greatest needs. Materials were purchased for the lighting of one room each in the Hancock, Nesmith, and Junior High Schools. The lights purchased were those of the fluorescent type. Two banks of four fixtures were installed in the first grade room at Hancock, the second grade room at Nesmith, and one of the seventh grade rooms at the Junior High School. Prior to the installation of these new fixtures light meter readings varied from 0 with the lights off to 5 with the lights on. The minimum reading recommended is 20 therefore we were not getting anywhere near the amount of light that was needed by the pupils. With the installation of the new lights we were able to get light meter readings ranging from 20 to55. On the average we are getting approximately six times more light from the new fixtures than we did from the old ones and are burning 110 less watts per hour. We hope to continue with this replacement program for the coming year. I am sure that our experiment shows the worth of good light.

At the Nesmith School, with the cooperation of the Parent-Teacher Association a Teachers' Room was fashioned out of the old kitchen located on the second floor. This has proved to be a very worthwhile addition to the building since it can used for a Nurse's room and many other necessary purposes. The Parent Teacher Association has agreed to furnish and decorate the room as one of their projects.

Boiler insurance was added to our coverage this year for the first time. In order for us to be covered fully it was necessary to do considerable work on the boilers at the High School. Low water cut-outs were installed, workable safety valves were added, and a thorough inspection both externally and internally was made of all our boilers. The insurance will be a help to the District in the future since we will be required to have a boiler inspection each year and we will be covered for boiler explosions, etc. The inspection will allow us to notice any defect which we might not otherwise have found.

All of the buildings were given a through cleaning during the summer months. All floors were resurfaced with seal, and covered with wax. All desks were varnished and many hall areas were painted. The grounds were given their usual treatment to keep them in good shape most of the summer.

Transportation

The School District assumed full responsibility for the fur-

nishing of transportation in District owned buses, for the school children in September of this year. We are operating three vehicles, two of them new and in use for the first time. Previous to this time we had been operating one district owned bus—that obtained from the U. S. Goverment—and had hired the rest of the work done by local bus owners.

The Board had, prior to taking over the complete operation, set up rules and regulations relative to the walking limits, routes, etc. When the schools opened in September we were able to take over this problem with the least amount of difficulty. Three buses are now doing the work that had been done with four. This was made possible by the shuffling of the routes and making the short runs for elementary pupils last. The greatest difficulty which we encountered was that of keeping the big bus in good operating condition. Excessive repair costs finally caused us to retire it from service. We then purchased a small bus which the A. C. Elliott Co. owned and contracted with the Daniel Webster Home to transport the pupils from South Main Street. The small bus then handled all the pupils from the Webster Lake and Lawndale section.

Our experience for the first part of the year shows the advantages of district ownership. We anticipate the purchase of one additional 60-passenger bus for the coming year. This will enable us to do the ncessary transportation and will give us all new equipment.

Needs of the District

One of the needs for which we have been asking many years is to be a reality for the coming year. That is the inclusion of the Physical Education program throughout the schools.

The work done this year in the improvement of lighting in some of the rooms is indication enough that we need to do many more rooms in the very near future. Because of the budgetary limitations we are forced to do only a small amount each year. It might be much more beneficial if we were to do all the rooms that need to have lighting improved all in one year even if a bond issue is necessary to pay for the needed fixtures.

Much thought should be given to the development of a suitable play area at the Hancock School. Perhaps the first consideration should be in the installation of a wire fence, similar to that at Nesmith, along School Street, as a safety barrier to prevent the children from running out into the streets while chasing baseballs, footballs, etc. Hancock School has no playground equipment of any sort. We should consider the installation of swings, teeters, jungle gyms, and the like in order that the children might have some equipment on which to play.

In order to improve the curriculum of the schools we should give serious consideration to the addition of an art teacher to give the District a program of instruction in art for all grade levels. The artistic as well as the factual needs of all youth should be met in the school of the modern day. This is one area in which we find ourselves deficient insofar as the school offerings are concerned.

In line with the same reasoning on art instruction comes the necessity of taking a look at our whole curriculum to see whether we are meeting the needs of our youth as well as we should. We have had a large number of drop outs in High School as far as the boys are concerned. This has been due, mainly, to their entering the armed servicees. However, we should be concerned at anyone's dropping out, especially if it is because of non-interest in the offerings we give today. Perhaps we need to add classes which will allow part time training in school and part time training on the job in some business establishment in the city. A boy interested in becoming a garage mechanic, for instance, could go to school during the morning sessions taking the required English, some Mathematics or related shop subjects and could get the practical training in some garage during the afternoon. In this way we would keep the boy in school longer and at the same time be giving him the type of training he wants to get. There are many different areas in which this sort of thing might be done.

We need to consider very seriously the replacement of shop equipment during the next few years. The present machines are old and are in need of constant repair. In the Machine Shop we need to have a small machine lathe to do some of the finer work and the larger lathes need to be replaced. The latter can be done one at a time until we have modernized the whole shop.

There have been some requests in the past for the inclusion in our curriculum of a course in Practical Vocational Agriculture. This would serve a felt need for those boys who come to us from the outlying districts. The boys would be able to get some real training in the finer arts of farming and in this way might help them improve the home farm or interest them in the agricultural program at the University of New Hampshire.

One of the greatest needs which we find ourselves in now is that of making plans to take care of the increasing enrollment in our schools. At the present time every room at the Hancock School is being used. We have a possibility of two more spaces available at the Nesmith School and one at the Junior High School. With these spaces we will be able to

take care of our expanding elementary school enrollment but in three years our enrollment in high school—providing we can continue to hold our pupils—will be more than the building can efficiently handle. We will need to plan now to take care of the situation which will arise. There are two possible plans which we can follow: One is to build an addition on the high school thus providing extra classrooms, a possible improvement in the lunchroom situation, addition of an auto mechanics shop, electrical shop and drawing room. The other would be to build a new elementary building to house all of our elementary pupils from kindergarten through grade six. This would free the Junior High to be used for grades seven, eight and some of nine with the remainder being in the high school. A new elementary building with a possible auditorium, lunch room facilities, etc., would do much to add to the complete modernization of our school plant. It might be well for us to consider the possibilities and be ready in the event Federal or State funds become available for buildings.

There are many other needs which might be listed here but for the report I am suggesting only these few which I think are most important.

General:

You can rest assured that your schools are in good hands insofar as the teaching staff is concerned. They are much concerned with your children and want to do the very best that they can for them. One of the greatest needs we have in serving them is the cooperation of the parent. We try to teach them the things which they ought to be doing after school. Too many times, however, we find them doing just the opposite with the home not knowing in some cases, and in others not caring. The life of your boy and girl needs the values which come from school, church, home and community. We all have a responsibility to see that we teach all these values. I feel that the school is doing its rightful share of this work. Only when we have the willing cooperation of all groups can we expect to build young men and women who will help carry out this great democratic way of life which we are enjoying.

In closing this report I wish to express my appreciation to the Board of Education, Mayor and Council, Parent-Teacher Associations, the teaching staff, and the community for the splendid cooperation which we have enjoyed. It has been a continued source of pleasure to me to be associated with groups who continue to be interested in the welfare of our youth. I hope that this same spirit may continue for many years to come.

Respectfully submitted,

FRED W. SNELL,

January 1, 1953. Superintendent of Schools.

REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

The summary of enrollment on January 1, 1953 is as follows:

	Girls	Boys	Total
Seniors	39	28	67
Juniors	41	40	81
Sophomores	49	34	83
Special		1	1
Post Graduates	1	1	2
	194	155	349

The gradual lowering of total enrollment over the last few years appears to have leveled off this year. I expect that the trend after this year will be steadily upward. This year we have had enrolled an exchange student from Germany, Carlheim Ahlemeyer. This has proven to be a very interesting and profitable experience for both our high school students and the boy. As a result, one student from the high school will be able to spend the summer as an exchange student in Europe.

Faculty

For the first time since I have been connected with the school, there were no changes in the teaching staff. A stable, interested, active group of teachers is an asset to our school. A readjustment of our daily time table has made it possible for the teachers to begin an intensive study of the school curriculum. Our meetings twice a month alternating between 2 and 4 hour sessions, have made this study possible.

On January 14, 1952, a Career Day was held at the school. Bristol High School, Andover High School and Tilton-Northfield High school joined with us on that day. Eighty different meetings were held in the school with business and professional people of Franklin and other places in New Hampshire and Massachusetts meeting with the boys and girls to discuss their particular field. Such a day is of great value to our pupils as they plan their future. Credit for the success of this program belongs to the hard working committee composed of Mr. Bourn, Chairman, Mr. Burleigh, Miss Clark, Mr. Harris, Mrs. Kidder, and Mrs. Pickess. We plan to continue this type of guidance every other year.

Scholarships

The rapid increase in the amount of scholarssip help being offered to the graduates of Franklin High School by the people of Franklin reflects their sincere interest in the welfare of the boys and girls. During the year, many new scholarships were offered. The Franklin Teachers Association was able to offer two $200 scholarships and one $50 scholarship. The Franklin Lodge of Elks No. 1280 offered a $250 scholarship. Through the efforts of the Editor of the Journal-Transcript a $237.50 scholarship was raised for both Franklin and Tilton-Northfield. The Franklin Alumni Association gave a new $200 scholarship. The Franklin Women's Club raised the amount of their scholarship. The M. T. Stevens Company offered a new scholarship to Lowell Textile Institute which amounts to $500 per year for four years. We have already received notice that in June 1953, the Lodge of Elks will offer two scholarships, one to a boy and one to a girl, instead of one, and that the Business and Professional Womens Club will offer a new scholarship. We also have the scholarships that have been offered in past years by Mr. Walter Duffy and Mr. Jere Daniell. This record is very impressive and fills a very pressing need in this time of rapidly rising costs in all schools.

At the opening of school in September, a rearrangement of classrooms was made. The projection room is now in room 18, the Glee Clubs now meet in the Gym instead of going over to the Junior High School. The chemistry and physics rooms are being used as full time classrooms. The change has worked out very well. The fact that we own and operate our own school busses continues to be an asset as a teaching aid. Several times this year, one or more busses have been used to take classes on field trips directly related to classroom activities.

Athletic Program

I would like to emphasize the poor condition of our athletic field. The Roger Martin Memorial Field needs immediate and extensive attention. The surface is completely gone and every high wind removes another layer of top soil. It needs resurfacing, reseeding, and full time care. Serious consideration will also have to be given to the financing of our athletic program. Rising costs have created a difficult problem in this area as in all others. At the present time, the recent graduates who usually attend and support the program are in the service. Our income has not been good. We will have to make a decision whether to continue the present program with direct financial aid or to curtail the variety of activities being offered.

A program of Adult Education was organized and conducted this year by the Franklin Teachers Association. It is too early

to report results. However, about 175 people from Franklin and surrounding towns have registered for the classes. Twelve classes will be offered in the first session. The response from the community indicates an enthusiastic approval of the program. This can develop into a very important part of the educational opportunity available in our city.

The school children of Franklin are indeed fortunate in the interest being shown by the citizens of this city in their welfare. We welcome the opportunity to work with all parents and others who wish to help the school to grow and improve its program. It is a pleasure to work with you and the school board in the development of the educational program in the City of Franklin.

Respectfully submitted,

JOSEPH J. CASHMAN

January 1, 1953 Principal

REPORT OF SCHOOL NURSE

To the Superintendent of the Franklin Schools:

The home, the school and the community are jointly responsible for conserving the health of all school children. This responsibility can be fulfilled only with the interest, understanding and active cooperation of parents and teachers. In a wider sense it involves all the people of the community who are interested in building healthier citizens not only for today, but for tomorrow. The following report on the health activities in the Franklin schools during the past year points up once again the cooperative role of the school, the home and the community in conserving the health of the Franklin school children.

On February 29, 1952 a Tuberculin Patch Test clinic was held with 554 children participating. Because twenty-three of these children showed a positive reaction to the test, the x-ray machine of the New Hampshire Tuberculosis Association was set up in the Senior High School in order that these same children could be x-rayed and thus be given a more diagnostic examination. As a further precautionary measure the children who had shown a positive reaction to the Tuberculin Skin Test were examined by Dr. Robert Kerr of Manchester, New Hampshire. Chest clinics were also held in Franklin during the months of January and June. At this time, forty-six school children were x-rayed. During the month of May, the New Hampshire Mobile Unit, x-rayed 350 pupils as well as adults connected with the Franklin Senior High School. These included, in addition to pupils, teachers, lunchroom workers and janitors.

It is a well established fact that normal sight and hearing make it easier for the child to progress satisfactorily both in school and in later life. Impairment of sight or hearing can be a serious handicap to the school child. The results are that frequently children are retarded in school, not because they are mentally slow, but because poor vision and/or poor hearing have prevented them from progressing at the usual or expected academic rate. Since neglect is a major factor in both visual and auditory impairment every effort should be made to diagnose and institute corrective measures as early as possible. To this effect 1,843 children in the Franklin schools were examined with the Massachusetts Vision Testing Instrument, while 1,710 children had their hearing checked with the Puretone Audiometer.

An equally important factor in the healthy growth and development of children is freedom from communicable dis-

eases particularly those which are more prevalent in childhood. Such diseases are measles, whooping cough, scarlet fever and diptheria. While it is very important and desirable that children should be immunized during the first year of life, it is equally important and urgent that those children who enter the Kindergarten unprotected or who are in the First and Second grades without immunization should be given this protction. A Toxoid clinic co-sponsored by the Franklin School Health Department and the Franklin Visiting Nurse Association was held during the months of April, May and June with 73 children in attendance.

Health authorities are in agreement on the importance of physical check-up prior to entering upon new and active fields of endeavor. During the month of May, two pre-school clinics were held at the Hancock and Nesmith Schools. At these clinics seventy-four children were examined by Dr. Robert Morin. Physical examinations were also given by Dr. Morin to all pupils participating in the athletic program of the Franklin Senior High School. Medical inspection was made by the school nurse of 1,455 children. The annual Rotary Tonsil clinic was held in June. Eight cases were cared for at this time.

Corrective therapy is a part of any complete health program. The Physical Therapy Center at the Daniell Junior High School was held twice a month with Mrs. Caroline Price, R. N., physiotherapist from the State Board of Health of Concord in charge. At this time Mrs. Price supervised the therapeutic exercises of eight to ten children at each visit. Sixteen children attended the orthopedic clinics held in Concord and Laconia at different interevals during the year 1952. Two orthopedic cases were operated upon at the Elliot Hospital in Manchester, New Hampshire.

Proper nutrition is a vital concern of any health program, particularly in view of the important part that it plays in the scholastic achievement and the proper personal and social adjustment of the child to school situations. The child who is tired or hungry cannot be expected to do his best in school work or school adjustments. In this connection one cannot overestimate the value of a hot lunch served to our school children. I am happy to report that 2,100 hot lunches were served during the past year. This project has been made possible by the generosity of the Franklin Community Chest, the Franklin Kiwanis Club and the Franklin Rotary Club.

Dental care is both a home and school concern. Seven hundred and fifty children received complete dental care. Twelve

children received Fluorine Treatment through the efforts of the Franklin Parent-Teacher Association.

I wish to take this occasion to express my gratitude to the Directors of the Tobie Trust Fund, The Franklin Kiwanis Club, the Franklin Rotary Club, the American Red Cross Motor Corps, the Franklin Community Chest, the Franklin Parent-Teacher Association, the Franklin School Board, the administration, faculty and pupils of the Franklin schools and finally to the parents for their understanding and wholehearted cooperation during the past year.

Respectfully submitted,

MARION MOYNIHAN, R. N.

Resolutions

RESOLUTION
NO. 1

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to borrowing money in anticipation of taxes.

Resolved by the City Council of the City of Franklin as follows:

That for the purpose of paying such claims against the City of Franklin as may fall due before the 15th day of December, 1952, the City Treasurer of the City of Franklin, with the approval of at least a majority of the standing committee on finance, be and hereby is authorized and empowered to make such temporary loans from time to time for the use of said city, of sums not exceeding the aggregate amount of two hundred seventy-five thousand dollars ($275,000.00); said loans being in anticipation of the taxes of the present year and hereby made expressly payable therefrom; said Treasurer giving for the said loans the notes of the said city bearing the authenticating certificate of the First National Bank of Boston, in Boston, Massachusetts; said notes to be signed by the City Treasurer and countersigned by the Mayor and to be payable within one year from their respective dates.

Approved: Harold W. Retter, Mayor

Passed: January 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 2

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to taxes and poll taxes.

Resolved by the City Council of the City of Franklin as follows:

That the Tax Collector shall not allow any discounts on taxes but that twenty cents shall be added to all poll taxes not paid on or before September 15th, 1952.

Approved: Harold W. Retter, Mayor

Passed: January 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 3

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to the weekly payrolls.

Resolved by the City Council of the City of Franklin as follows:

That the Treasurer be and hereby is authorized to draw her draft each week for the payment of the weekly payrolls of the Highways, sewer and other departments where weekly payment is required.

Approved: Harold W. Retter, Mayor

Passed: January 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 4

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to the appointment of the standing Committees of the City Council.

Resolved by the City Council of the City of Franklin as follows:

That the Mayor be authorized to appoint the following standing committees of the Council for the year 1952:

Highways	Ordinances
Fire	Street Lighting
Police	Claims
Public land and buildings	Health and welfare

Daniell Park Development

And a committee on Finance to consist of the Mayor and two members of the Council.

Approved: Harold W. Retter, Mayor

Passed: January 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 5

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to transferring of head tax funds.

Resolved by the City Council of the City of Franklin as follows:

That the 2% allowed by the State of New Hampshire for the collection of the State Head taxes be transferred from the Head Tax Account to the salary of the Tax Collector for the collection of said head taxes.

Approved: Harold W. Retter, Mayor

Passed: February 4, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 6

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to the death of Robert O. F. Cunningham.

Resolved by the City Council of the City of Franklin as follows:

Whereas the City of Franklin has lost a faithful public servant in the death of Robert O. F. Cunningham on March 10, 1952.

Therefore be it resolved that the Mayor and Council join with Robert's family and friends in sorrow at our loss,

And further be it resolved that the Mayor and Council accept with appreciation the gift by Sabrina Cunningham of the valuable piece of radio communications equipment formerly owned by her husband, Robert.

Approved: Harold W. Retter, Mayor

Passed: April 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 7

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to prohibiting private work with city equipment.

Resolved by the City Council of the City of Franklin as follows:

That no equipment belonging to the City of Franklin shall be used for private work of any kind at any time except in the case of an emergency to be determined by the Committee Chairman who shall fully explain the expenses incurred to the Council at its next regular meeting. The City Council shall then set the charges, if any, to be made.

Exception to this resolution shall be made for work done for veterans who build in the Daniell Park area.

Approved: Harold W. Retter, Mayor

Passed: May 5, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 8

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to appropriations for the year 1952.

Resolved by the City Council of the City of Franklin, that the following appropriations be made for the year 1952:

Mayor's office	$350.00

RESOLUTION
NO. 9

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to raising money by taxation.

Resolved by the City Council of the City of Franklin as follows:

That the sum of $453,387.04 be raised by taxation the present year and that the assessors be instructed to assess for the amount as follows:

County tax	$36,080.79
Library	10,150.00
Schools	187,722.00
Poll taxes	5,756.00
National Bank stock taxes	1,114.00
	$240,822.79

and the sum of $212,564.25 to meet the current expenses provied for by the appropriations made and same to be appropriated with other revenues to the City to meet the same.

Tax Rate for 1952: $48.50 per thousand.

Approved: Harold W. Retter, Mayor

Passed: July 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION
NO. 10

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to borrowing money in anticipation of taxes.

Resolved by the City Council of the City of Franklin as follows:

That for the purpose of paying such claims against the City of Franklin as may fall due before the 15th of December, 1952, the City Treasurer of the City of Franklin, with the approval of at least a majority of the standing committee on finance, be and hereby is authorized and empowered to make such temporary loans from time to time for the use of said City, of a sum not exceeding the aggregate amount of twenty-five thousand dollars ($25,000.00) said loan being in anticipation of the taxes of the present year and hereby made expressly payable therefrom: said Treasurer giving for the said loan the notes of the said city bearing the authenticating certificate of the First National Bank of Boston, in Boston, Massachusetts: said note to be signed by the City Treasurer and countersigned by the Mayor and to be payable within one year from their respective date. This amount is in addition to the $275,000.00 authorized January 7th, 1952.

Approved: Harold W. Retter, Mayor

Passed: July 7, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION

NO. 11

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to the bonds for city equipment.

Be it resolved by the City Council of the City of Franklin:

That there be and hereby is authorized the purchase of departmental equipment of a lasting character, to wit, the purchase of two school busses for the school department and one Hough loader for the highway department and there be and hereby is appropriated the sum of nine thousand five hundred ($9,500.00) dollars to meet the cost of said school busses, and the sum of twelve thousand ($12,000.00) dollars to meet the cost of said loader;

That to raise funds for said appropriations there be and hereby is authorized under and pursuant to the Municipal Bonds Statute, and any other authority thereto enabling, the issue and sale of general obligation, coupon bonds of the City of Franklin aggregating twenty-one thousand five hundred ($21,500.00) dollars in principal amount, said bonds to be payable to bearer, to be in the denominations of $1,000.00 each, except for three bonds in the denomination of $500.00 each, to be signed by the Mayor and countersigned by the City Treasurer, with coupons annexed thereto to bear the facsimile signature of the City Treasurer, to bear the city seal, to be dated November 1, 1952, and to be payable $4,500.00 on the first day of November in each of the years 1953 to 1955, inclusive, and $4,000.00 on the first day of November in the years 1956 and 1957, and said bonds shall be payable as to principal and interest at such place, be sold at public or private sale in such manner and at such price, not less than par and accrued interest to date of delivery, and bear such rate of interest (not to exceed 3% per annum), payable semiannually, all as shall be determined by the City Treasurer with the approval of the Mayor and Standing Committee on Finance.

Approved: Harold W. Retter, Mayor

Passed: October 6, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION

NO. 12

In the year of our Lord one thousand nine hundred and fifty-two.

A resolution relating to the bonds for the erection of a Highway Garage.

Be it resolved by the City Council of the City of Franklin:

That the following public improvement of a permanent nature is hereby authorized, to wit, the construction of a municipal garage, and to meet the cost thereof there be and hereby is appropriated the sum of thirty thousand ($30,000.00) dollars;

That to raise funds for said appropriation there be and hereby is authorized, under and pursuant to the Municipal Bonds Statute and any other authority thereto enabling, the issue and sale of general obligation, coupon bonds of the City of Franklin aggregating thirty thousand ($30,000.00) dollars in principal amount, said bonds to be payable to bearer, to be in the denomination of $1,000.00 each, to be signed by the Mayor and countersigned by the City Treasurer, with coupons annexed thereto to bear the facsimile signature of the City Treasurer; to bear the city seal, to be dated November 1, 1952, and to be payable $3,000.00 on the first day of November in each of the years 1953 to 1962, inclusive. Said bonds shall be payable as to principal and interest at such place, be sold at public or private sale in such manner and at such price, not less than par and accrued interest to date of delivery, and bear such rate of interest (not to exceed 3% per annum), payable semiannually, as shall be determined by the City Treasurer with the approval of the Mayor and the Standing Committee on Finance.

Approved: Harold W. Retter, Mayor

Passed: October 6, 1952

A true copy, attest: Mildred S. Gilman, City Clerk

AMENDMENT TO

ORDINANCE RELATING TO LICENSING OF BICYCLES

Be it ordained by the City Council of the City of Franklin as follows:

Amend Section 6 of the above named ordinance by adding the words "suitable brake" after the words "equipped with" and by striking out the words "if the said bicycle is to be used after dark". Also amend section 6 by adding the following sentence at the end of same: "All said equipment shall be checked by the Police Department and found to be suitable before any license shall be issued".

The amended section shall read as follows:

SECTION 6, No person shall ride or propel a bicycle upon any public street, highway in the said city unless said bicycle is equipped with suitable brake, a bell, horn or other warning device, and it must be equipped with a light that is attached to the front of said bicycle, visible from the front thereof not less than 200 feet, and a light or reflector attached to the rear that can be seen for a distance of 200 feet. All said equipment shall be checked by the Police Department and found to be suitable before any license shall be issued.

Approved: Harold W. Retter, Mayor

Passed: October 6, 1952

A true copy, attest: Mildred S. Gilman, City Clerk
